EXPERIENCE

Georgetown University (Department of Physics – DelGadoLab)

Washington, DC

Physics Research Intern

June 2024 – August 2024

- Summer research assistant at Georgetown University under provost's distinguished professor Emanuela Del Gado
- Performed independent analytical research and breakdown of stress and strain in amorphous materials, including breakage point, yielding and failure of soft materials, and conditions under gel and shear speed
- Analyzed and presented the uses and applications, including product design, structural analysis, building science, urban planning, and adsorption processes with QtGrace and MATLAB

National Institutes of Health (NIH)

Bethesda, MD

Summer Intern (OITE)

June 2022 – August 2022

- Completed basic medical training and education by the NIH with training from medical professionals and college and career advisement
- Presented a research project about health disparities in the Washington, DC, area in front of the NIH board of OITE. The presentation provided research and data to NIH's Bethesda campus about the AIDS/HIV crisis in the DC metro area
- Participated in a virtual seminar with Dr. Anthony Fauci to help work on ways to solve health issues in the DC area

LEADERSHIP AND PROFESSIONAL DEVELOPMENT

USC BlackGen Capital

Los Angeles, CA

Vice President of Public Relations

September 2022-Present

- Led a case team twice to 1st place in chapter competition to identify a novel investment opportunity via an investment pitch, including company overviews, market projections, financial analysis, and strategic insights into core operations/outlook of GAP and Quest Diagnostics.
- Performed dynamic financial analysis, including DCF and CM modeling, to identify firms with unique growth potential to drive strategic investments and optimize portfolio performance with controlled risk management
- As VP of PR, overseeing all events and social management, part of a national team that manages over \$400 thousand in investment and assets, collaborating with partners at Columbia, NYU, UPenn, etc., with corporate backing from finance firms such as JP Morgan, Goldman Sachs, etc.

National Society of Black Engineers

Los Angeles, CA

Member

September 2022-Present

- Engaging with and interacting with professionals weekly to learn more about internships, career paths, and interdisciplinary approaches to careers within STEM while also learning and demonstrating ways to improve minority representation in STEM
- Community service events for the local South Los Angeles area, including fundraisers, youth STEM engagement, and STEM education for lower-income neighborhoods
- Introduced a chapter to alma mater middle school in White Oak, Maryland, and used said program to work in conjunction with other STEM-based inclusivity work while in high school, including zoom based collaborative science funds during the pandemic

Trojan Filmmakers Club / USC Black Art Collective

Los Angeles, CA

Writer-Director/Filmmaker

October 2023-Present

- Filmmaker and co-producer for two student short films, currently co-writing for an upcoming student short film
- Engaged in the filmmaking process at USC's School of Cinematic Arts, collaborative writing, directing, production, and cinematography skills developed as students, as well as the overall creative and problem-solving process
- Career development, including meetings with producers/directors from Warners Bros, HBO, and FX on building a film career and creative keys
